

DEWALT Expands XTREME 12V MAX* Offerings with New 1-3/4 In. Brushless Bandsaw and 9/16-In. Brushless SDS Plus Rotary Hammer

For more information, download the product guides below.

The new XTREME 12V MAX 1-3/4 In. Brushless Bandsaw ([DCS375B](#)) is lightweight at 6.54 lbs. with an integrated guard making it ideal for overhead and one-handed cutting jobs. The 1-3/4 In. cut capacity allows for cuts through small metal diameters with additional room to cut 1-5/8 In. comfortably. The variable-speed trigger helps provide control when cutting through harder materials. Available now for pre-order where DEWALT products are sold.*

The new XTREME 12V MAX 9/16" Brushless SDS Plus Rotary Hammer (DCH072) is designed with a brushless motor and a durable German-engineered mechanism that delivers 1.1 Joules of impact energy. The lightweight and compact design makes this tool ideal for mounting strut, installing conduit, hanging fixtures, pipe clamp anchoring, and maintenance repair operations applications when combined with lightweight masonry screw anchors. Coming soon where DEWALT products are sold.*
