DEWALT® Expands ToughSystem® 2.0 Storage Line With Soft Tool Bags & Organizers To Provide Customizable, Convenient and Durable Solutions For Extreme Jobsite Conditions

The ToughSystem® 2.0 Full-Size Organizer is proudly Made In The USA with global materials

TOWSON, MD Apr 11, 2022 – DEWALT, a Stanley Black & Decker (NYSE: SWK) brand and leader in total jobsite solutions, today announced the expansion of its ToughSystem® 2.0 Storage line, which offers improved durability and modularity. Joining the lineup are tool bags in 11-in and 22-in sizes, an organizer that is proudly made in the USA with global materials, as well as a two-drawer unit. These storage solutions provide further customization and protection of tools and accessories in harsh jobsite environments.

“With countless tools, accessories and other equipment on a jobsite, keeping organized is essential to productivity in the construction industry,” said Tabata Gomez, President, Hand Tools, Power Tools Accessories & Storage Group, Stanley Black & Decker. “DEWALT ToughSystem®2.0 products provide storage solutions to keep tools systematized, with the advantage of durability to help weather volatile conditions on the job, such as exposure to dust and dirt.”

The DEWALT ToughSystem® 2.0 Lineup:

ToughSystem® 2.0 Tool Bags

Designed to withstand extreme conditions on the job, the new ToughSystem® 2.0 Compact 11-in Tool Bag (DWST08025) and 22-in Jobsite Tool Bag (DWST08350) are made with durable dirt-repellent 1680D Ballistic Nylon and a waterproof base. The bags have all-around accessibility to enable fast and easy tool changing on the job. The bungee cord on each bag allows for additional storage space and both bags have separate designated compartments for power tools, hand tools, tablets, and other electronic devices, as well as personal belongings. The bags are compatible with all ToughSystem® 2.0 products.

The ToughSystem® 2.0 Compact 11-in Tool Bag offers ample storage with more than 25 pockets and can be carried comfortably by its shoulder strap, carry handles, or stacked onto any ToughSystem® 2.0 product. The tool bag has a 40 lb. load capacity, a tape chain and long, tool-side compartment, as well as convenient double-sided accessibility. The ToughSystem® 2.0 22-in Jobsite Tool Bag offers expansive storage with more than 50 pockets and a 77 lb. load capacity. In addition to a padded shoulder strap and carrying handles, the bag also features side handles in addition to a daisy chain and level holder.

The ToughSystem® 2.0 Compact 11-in and 22-in Jobsite Tool Bags will be available in March where DEWALT products are sold.

ToughSystem® 2.0 Full-Size Organizer and Two-Drawer Unit

Securely store accessories, tools, and supplies using the ToughSystem® 2.0 Full-Size Organizer (DWST08040) offering a 44 lb. load capacity. Manufactured in the USA with global materials, the organizer keeps your workspace clutter-free with two double removable cups, eight single removable cups, and a built-in compartment designed to accommodate long tools. IP65 rated, the container provides protection against dust and water damage and has durable metal-plastic front latches to withstand tough jobsite conditions. Users can customize their storage layout as the unit connects to other ToughSystem® products and can be quickly attached with patented auto-connect side latches, or disconnected with the one-touch release feature.

Featuring two deep drawers and a 25 lb. capacity, the ToughSystem® 2.0 Two-Drawer Unit (DWST08320) is built to securely hold tools and accessories. Ball-bearing slides enable smooth opening and closing of the drawers. The unit is also compatible with other ToughSystem® and ToughSystem® 2.0 products using patented auto-connect side latches and a one-touch release button enabling accessibility to tools even when stacked.

The ToughSystem® 2.0 Full-Size Organizer is available now, and the ToughSystem® 2.0 Two-Drawer Unit in May, where DEWALT products are sold.
