

## DEWALT® Expands ATOMIC COMPACT SERIES™ Line With New Hand Tools That Drive User Efficiency Through Compact, Innovative Product Design

DEWALT ATOMIC COMPACT SERIES™ hand tools deliver improved ergonomics and optimum size and power to professionals on the jobsite

TOWSON, MD June 9, 2022 – DEWALT, a Stanley Black & Decker (NYSE: SWK) brand and leader in total jobsite solutions, today announced it is expanding its ATOMIC COMPACT SERIES™ portfolio with new ATOMIC COMPACT SERIES™ hand tools. The hand tools series introduces several new design features into compact, highly portable measuring and layout tools to help improve jobsite efficiency. The first lineup of hand tools to join the ATOMIC COMPACT SERIES™ portfolio include tape measures, a chalk reel and a pocket laser measurer.

“The ATOMIC COMPACT SERIES™ line is designed to be compact yet performance-driven for a wide range of applications,” said Tabata Gomez, President Hand Tools, Accessories & Storage. “DEWALT is elevating its commitment to innovative products through advanced design features with the series’ first hand tools that represent the optimal balance of size and efficiency to meet jobsite demands.”

ATOMIC COMPACT SERIES™ Tape Measures, available in 16-Ft. (DWHT38116S), 25-Ft. (DWHT38125S), 26-Ft. (DWHT38126S) and 30-Ft. ([DWHT38130S](#)) lengths, allow users to efficiently measure solo with 13-Ft. max reach\*\*. With a 20% more compact grip\*\*\*, users benefit from improved ergonomics and control while DEWALT’s first ever integrated finger brake helps provide a controlled blade retraction to reduce hook damage. The tapes display fractional blade graphics for quick measurements and a durable blade coating that delivers long blade life.

The ATOMIC COMPACT SERIES™ Chalk Reel ([DWHT47258L](#)) is 40% more compact<sup>A</sup> for convenient storage in tool bags, boxes and belts, and is engineered to withstand tough applications through a sealed gear system that helps protect against contamination and debris. A 3:1 gear ratio delivers a 3X faster rewind<sup>B</sup> after the chalk is marked while the built-in clutch system helps reduce line jams and delivers smooth releases, contributing to quick, efficient jobsite marking. The chalk reel is ideal for tradespeople in framing, roofing, deck building, parking lot layout, drywall, flooring installation and bricklaying and is available now.

With its slim and compact design, the ATOMIC COMPACT SERIES™ 55 ft. Pocket Laser Distance Measurer ([DW055PL](#)) fits in most pockets to travel with users anywhere on the jobsite. Equipped with a rechargeable battery through USB charging, the backlit LCD screen clearly displays measurements as taken, while one-button operation allows users to quickly change between units of measure. The ATOMIC COMPACT SERIES™ 55 ft. Pocket Laser Distance Measurer is suitable for use in a wide range of applications from electrical and plumbing to basic home measurements.

The ATOMIC COMPACT SERIES™ Tape Measures, Chalk Reel and 55 ft. Pocket Laser Distance Measurer are available now where DEWALT products are sold.
