DEWALT POWERSTACK™ 20V MAX* Compact Battery Named a Finalist in Fast Company's Innovation by Design 2022 Awards

DEWALT is the world's first major power tool brand to use pouch cell batteries designed for the construction industry
DEWALT POWERSTACK™ 20V MAX* Compact Battery (DCBP034) recognized for design innovation offering users DEWALT's lightest and most powerful compact battery **

TOWSON, MD Sept 15, 2022 – DEWALT®, a Stanley Black & Decker (NYSE: SWK) brand and leader in cordless solutions, today announced that the DEWALT POWERSTACK™ 20V MAX* Compact Battery has been named a finalist in *Fast Company's* Innovation By Design 2022 Awards. The awards honor the designers and businesses solving crucial problems based on key components of innovation, including functionality, originality, sustainability, user insight, cultural impact, and business impact.

"With the launch of POWERSTACK, DEWALT's breakthrough innovation continues to exceed performance standards with the Pro user. We are pleased to see industry-leading voices like *Fast Company* recognize our DEWALT POWERSTACK™ 20V Max* Compact Battery as a game changing cordless product for the construction industry," said Allison Nicolaidis, President, Power Tools Group, Stanley Black & Decker. "POWERSTACK is the gateway into the future of the cordless jobsite, and we are just getting started with adding bigger and more powerful products to the POWERSTACK™ platform."

The DEWALT POWERSTACK™ battery was recognized in the 'Product' category for its design that utilizes flat, pouch battery cells delivering DEWALT's lightest and most powerful compact battery in the 2Ah or lower range.

The DEWALT POWERSTACK™ Battery is ideal for cutting, drilling and fastening applications, precision and finishing tasks, and when working in tight spaces. The battery is compatible with all DEWALT 20V MAX* tools and chargers in its 20V MAX* system.

Fast Company's 2022 Innovation By Design Award is the fourth industry accolade the DEWALT POWERSTACK™ Battery has received since its unveiling in October 2021. The battery has also been met with rave reviews from construction and trade professionals and garnered high retail demand since its debut.

To learn more about the DEWALT POWERSTACK™ 20V MAX* Compact Battery (DCBP034), please visit: www.dewalt.com/powerstack.

* Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.

**Compared to DEWALT 20V MAX* Batteries 2Ah or lower; not in application.
