

## DEWALT® Announces TOUGHSYSTEM® 2.0 Adjustable Work Light Delivering Power and Setup Versatility

### **DOWNLOAD THE PRODUCT GUIDE BELOW**

DEWALT today announced the latest offering in the TOUGHSYSTEM® 2.0 Storage lineup, the new TOUGHSYSTEM® 2.0 Adjustable Work Light. The modular lighting solution delivers up to three hours of runtime\*\* and features two pivoting LED heads that provide to 4,000 lumens (using both lights) and seven brightness levels. The light offers users versatility through cordless and corded power options including 20V MAX\* batteries, FLEXVOLT® batteries† or a standard AC outlet\*\*\*.

The light can be used freestanding, stacked on TOUGHSYSTEM® 2.0 toolboxes, mounted on a tripod (sold separately) or hung using the built-in folding wire hook. The unit is designed with a TOUGHSYSTEM® 2.0 Auto-Connect Latch, side slots for tool mounting as well as LED indicators for brightness level of each light and AC power and battery status. With ample storage space, an integrated folding handle and durable design, this TOUGHSYSTEM® compatible product delivers the versatility needed for demanding jobsites.

The TOUGHSYSTEM® 2.0 Adjustable Work Light will be available in October where DEWALT products are sold.

For more information visit [www.DEWALT.com](http://www.DEWALT.com).

\*Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18 volts.

\*\* Per charge, with both lights on maximum brightness level, using a DCB205 20V MAX\* 5Ah battery (battery sold separately)

\*\*\* AC Cord is not included.

† Up to 12Ah
