DEWALT® Announces the World's First 20V MAX* Cordless 2-1/4 Peak HP Dedicated Plunge Router

*New DEWALT router can complete up to 256 linear feet routing 5/8 in. roundovers in pine on a single charge***

TOWSON, Md., May 1, 2024 – DEWALT, a Stanley Black & Decker (NYSE: SWK) brand and leader in total jobsite solutions, today unveiled the world's first 20V MAX* 2-1/4 Peak HP Dedicated Plunge Router (DCW620B) providing users the flexibility of a cordless tool without compromising power or performance. Designed to deliver powerful and consistent cutting performance, this router can complete up to 256 linear feet routing 5/8 in. roundovers in pine on a single charge.**

20V MAX* XR® 2-1/4 Peak HP Dedicated Plunge Router

"Carpenters will now be able to complete large, demanding routing applications without the hassle of a cord," said Brandon Stumpf, Director, Product Management, Stanley Black & Decker. "From flawless edgework to powerful plunge cuts, the 20V MAX* XR® 2-1/4 Peak HP Plunge Router delivers control, versatility and portability for optimal productivity."

Additional features of the newly released DEWALT 20V MAX* XR® 2-1/4 Peak HP Plunge Router includes integrated dust collection with Airlock™ compatibility to help maintain a clean workspace, and the Perform & Protect™ Anti-Rotation™ System that senses the rotational motion of the tool and shuts it down if the motion is excessive.

The DEWALT 20V MAX* XR® 2-1/4 Peak HP Plunge Router also features a 2-1/4 peak HP brushless motor that effortlessly handles router bits up to 2-1/2 in. in diameter and is equipped with a plunge lock lever, an adjustable 3-position turret stop, a tool-free depth adjustment system and a spindle lock for fast and accurate setup.

The DEWALT 20V MAX* XR® 2-1/4 Peak HP Plunge Router will be available as a bare unit (tool only) in early June where DEWALT products are sold. (Battery and charger sold separately.)

* Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.
**Using DCBP520 battery (sold separately).

DEWALT Perform & Protect™ products are designed to provide a high level of one or more of the following, dust containment, control or low vibration, without sacrificing performance.
