DEWALT® Unveils Its Highest Rated Max Torque Fastening Solutions with Several New XR® Tools Built For Demanding Applications

- *DEWALT's newest fastening solutions include the 20V MAX* XR® 3/4 in. High Torque Impact Wrench and 20V MAX* XR® 1/4 in. Quiet Hydraulic Impact Driver*
- *New lineup is part of the XR® roster that houses DEWALT's best performing 20V MAX* batteries and power tools***

TOWSON, Md., August 29, 2024 – DEWALT, a Stanley Black & Decker (NYSE: SWK) brand and leader in total jobsite solutions, today announced several fastening solutions joining the XR® roster that houses DEWALT's best performing 20V MAX* batteries and power tools. The new 20V MAX* XR® 3/4 in. and 1/2 in. High Torque Impact Wrenches, 20V MAX* XR® 1/4 in. Quiet Hydraulic Impact Driver, and the existing 20V MAX* XR® 1/4 in. 3-Speed High Torque Impact Driver are DEWALT's highest rated torque tools in their respective categories†. This offering provides users with solutions to meet a range of user needs from max torque for heavy-duty applications to quiet operation in noise-sensitive work environments.

"DEWALT's latest fastening solutions not only meet the standards of the XR® lineup, but are industry-leading with advanced engineering and design features," said Bill Harman, Vice President of Product Management, DEWALT. "In its 100th year, DEWALT continues its commitment to user-focused innovation with these tools that meet specialized needs like high torque, less noise, and optimized ergonomics to drive productivity."

20V MAX* XR® 3/4 in. and 1/2 in. High Torque Impact Wrenches

For tough jobs demanding power, DEWALT introduces its highest-rated max torque impact wrenches: the new 20V MAX* XR® 3/4 in. High Torque Impact Wrench (DCF964) and 20V MAX* XR® 1/2 in. (DCF961) High Torque Impact Wrench with expanded capabilities.

To maximize jobsite productivity, the new DCF964 provides up to 102% more torque‡ for use in tough applications and is the industry's highest rated max torque cordless 3/4 in. impact wrench. Boot sold separately.

For heavy duty 1/2 in. fastening applications, the DCF961 provides users with even more performance with up to 28% more torque when paired with the XR POWERSTACK™ Oil-Resistant 5 Ah Battery‡ and is the industry's highest rated max torque cordless 1/2 in. impact wrench.

Both tools feature a glass-filled nylon housing to help protect against oils and solvents. Other features include PRECISION WRENCH™ mode, which helps prevent overtightening and fastener run-off, and a four-mode push button switch to easily change speeds and LED brightness.

20V MAX* XR® 1/4 in. Quiet Hydraulic Impact Driver

The new 20V MAX* XR® 1/4 in. Quiet Hydraulic Impact Driver (DCF870) is DEWALT's quietest impact driver*** as well as the industry's highest rated max torque hydraulic impact driver designed for noise-sensitive environments with up to 57% quieter operation. Ideal for framing, cabinetry, and other applications in tight areas, the impact driver delivers up to 40% faster driving with consistent performance in demanding applications and cold temperatures. The tool also features nine built-in LEDs and a 20-minute work light mode to help illuminate dark workspaces.

New fastening tools will join the existing 20V MAX* XR® 1/4 in. 3-Speed High Torque Impact Driver (DCF860) and 20V MAX* XR® 1/2 in. High Torque Impact Wrench (DCF961) to expand the growing XR® fastening portfolio.

The 20V MAX* XR® 3/4 in. High Torque Impact Wrench (DCF964) and 20V MAX* XR® 1/4 in. Quiet Hydraulic Impact Driver (DCF870) will be available in early fall where DEWALT products are sold.

*Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.

**Regarding battery, based on longer life (charge cycles) and more power, not in application vs. DEWALT 20V MAX* batteries with comparable amp hours.

† Highest rated max torque: **DCF964**- based on rated fastening torque published by pro-grade power tool manufacturers for their cordless ¾" impact wrenches; **DCF961** – based on rated fastening torque published by pro-grade power tool manufacturers for their cordless ½" impact wrenches; **DCF870** – based on rated max torque published by pro-grade power tool manufacturers for 12V and 18V cordless hydraulic impact drivers; and **DCF860** – based on rated max torque.

‡ More torque: **DCF964**: rated max fastening torque using DCBP520 vs. DCF897 with 700 ft. lbs. using DCB205**DCF961**:

Rated max tightening torque using DCBP520 vs. DCF900 Impact Wrench with 1,030 ft-lbs using DCB205 (sold separately).

***__DCF870__: DEWALT's quietest impact driver - while impacting only, RMS sound pressure difference with 5 in. deck screw into PT 6x6 using DCBP034 vs. currently produced DEWALT cordless impact drivers. Quieter operation - RMS sound pressure difference vs. DCF787 with 3 in. deck screw into PT 4x4 using DCBP034 (sold separately); Faster driving - vs. DCF787 with 3 in. x 3/8 in. lag bolt into PT 4x4 using DCBP034.

About DEWALT
DEWALT, a Stanley Black & Decker brand, celebrates 100 years in business by continuing to provide our customers with total jobsite and outdoor solutions. By applying its latest technology to the challenges of today's skilled trades, DEWALT is leading the charge for the jobsite of the future and is pioneering the next generation of tools, outdoor equipment and forward-looking technologies. DEWALT products. GUARANTEED TOUGH®. For more information, visit **www.dewalt.com** or follow DEWALT on **Facebook**, **Instagram**, and **LinkedIn**.
