

## DEWALT® Debuts DEWALT TOUGHWIRE™ Cable Hanger System and New Trade Solutions at AHR Expo

- DEWALT TOUGHWIRE™ systemizes cable hanging for mechanical, electrical and plumbing trades and includes various wire attachments, locking devices, components and accessories
- New tools added to DEWALT's trade solutions include a 20V MAX\* Plastic Tubing Cutter, 20V MAX\* Pipe Deburring Tool, 20V MAX\* XR® Copper Tubing Cutter and more
- Visit DEWALT at booth 5843 in the West Building from February 10-12 at AHR Expo

TOWSON, Md., Feb. 6, 2025 /PRNewswire/ -- DEWALT, a Stanley Black & Decker (NYSE: SWK) brand and leader in total jobsite solutions, today announced the launch of DEWALT TOUGHWIRE™, a cable hanger system for HVAC, sheet metal, electrical and plumbing applications. Debuting at this year's AHR Expo in Orlando, the system, made up of over 50 different components, offers a variety of strong, fast and easy suspension solutions designed for improving efficiency and simplifying installations for HVACR professionals.

"At DEWALT, we are driven to empower trade professionals with innovative end-to-end solutions that enhance productivity on the jobsite," said Ward Smith, Director of Product Management at DEWALT. "We designed the DEWALT TOUGHWIRE™ system with the pro in mind, understanding that cable hanger solutions are rarely one-size-fits-all as each job is complex and unique. By addressing the unique challenges of each job, we ensure that tradespeople have the tools and solutions needed to enhance their workflows."

Designed to provide versatility, the DEWALT TOUGHWIRE™ system helps users customize suspension solutions and includes various wire attachments, locking devices, components and accessories. Featuring clear identifiers to mark proper directional usage and device pairings for quick assembly, the system can be installed by hand while wearing gloves.

In addition to the DEWALT TOUGHWIRE™ system, other new product innovation across DEWALT's trade solutions will be showcased at the West Building, booth 5843, including the following:

- **20V MAX\* Plastic Tubing Cutter (Tool Only) (DCE180B):** Delivering up to 400 cuts per charge<sup>1</sup> and cutting up to three times<sup>2</sup> faster in plastic material up to 2-Inches, this tool features both automatic and manual cutting modes, and also includes anchor points for bench top mounting.
- **20V MAX\* Pipe Deburring Tool (Tool Only) (DCE710B):** As the world's first battery-operated dedicated power tool designed solely for deburring inner and outer edges of pipe and circular tubing for multiple types of tubing ranging in 3/8-inch to 2-inches in diameter, this tool replaces traditional pipe deburring methods to deliver professional performance and control.
- **20V MAX\* Transfer Pump (Tool Only) (DCE050B):** Ideal for the mechanical and plumbing trades, the self-priming transfer pump can transfer a variety of liquids quickly including a 40% propylene glycol / 60% water mixture.
- **20V MAX\* XR® 1-1/4-Inch Copper Tubing Cutter (Tool Only) (DCE154B):** Designed to complete a variety of HVACR and plumbing applications, this tool delivers a best-in-class cut capacity range<sup>3</sup> capable of cutting 1/4-inch to 1 1/4-inch copper tubing. The cutter features an innovative pivoting head and variable speed trigger control and can make cuts in as little as 1.2 seconds (cutting time only) and perform up to 550 cuts per charge<sup>4</sup>.
- **IMPACT CONNECT™ Nut Runner Attachment (DWANRRIR):** The IMPACT CONNECT™ Nut Runner Attachment is the latest addition to the DEWALT IMPACT CONNECT™ line, a specialized line of attachments that quickly convert select impact drivers<sup>5</sup> into fast and powerful cutting tools. Designed for threaded rod applications, the nut runner attachment is three times faster than running nuts by hand<sup>6</sup> and offers a lifting capacity of 100lbs<sup>7</sup>.

DEWALT TOUGHWIRE™ and other new products will be available spring 2025, the IMPACT CONNECT Nut Runner Attachment and 20V MAX\* Plastic Tubing Cutter are available now. To learn more about DEWALT trade solutions and other products, please visit: [www.dewalt.com](http://www.dewalt.com).

\* Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.

<sup>1</sup> Cutting 2" Schedule 40 PVC using DCB203 battery (sold separately)

<sup>2</sup> Cutting 2" Schedule 40 PVC using DCB203 battery (sold separately), cut time only vs. Lenox LXHT80823 2-3/8" Ratcheting Tube Cutter.

<sup>3</sup> Class defined as handheld battery-operated copper tubing cutters.

<sup>4</sup> Using DCBP034 battery (sold separately) cutting type L, 1/2" copper pipe.

<sup>5</sup> Optimized for the following impact drivers (sold separately): DEWALT® - DCF787, DCF809, DCF840, DCF850, DCF885, DCF887, DCF886

<sup>6</sup> Run time only. On average, running 3/8" standard nuts on 3/8" threaded rod using DCF887 impact driver and DCB204 battery

(impact driver and battery sold separately) vs. by hand.

<sup>7</sup> In lab conditions, when used with DCF845 impact driver (sold separately), can produce up to 1825 in-lb.

(205Nm) torque in setting 3 which applies over 100lb linear force when applied to 1/2" threaded rod in good condition.

Performance may vary based on materials, finish, hardness, coatings, grade and condition of the threaded rod and nut."

### **About DEWALT**

DEWALT, a Stanley Black & Decker brand and leader in total jobsite solutions, has been driving the future of construction forward with tools and technologies made to power leaders on every jobsite.
