DEWALT POWERSHIFT™ Expanded Lineup of Vibrator Heads and Shafts Recognized as Contractors' Top 50 New Products of 2025

With the addition of 34 new vibrator heads and shaft sizes, the DEWALT POWERSHIFT™ system further optimizes the workflow of concrete jobsites through electrified products

TOWSON, MD, Sept. 10, 2025 – DEWALT, a Stanley Black & Decker brand and leader in total jobsite solutions, today announced that its expanded lineup of DEWALT POWERSHIFT™ vibrator heads and shafts have been recognized as one of Contractors' Top 50 New Products of 2025 by *Equipment Today*. The award honors impactful new products and enhancements in construction, chosen for their excellence in innovation, quality, efficiency and overall contribution to jobsite productivity.

Contractors' Top 50 New Products are selected based on reader engagement and editorial review, with product nominations collected over a 12-month period through *ForConstructionPros.com*.

The award-winning DEWALT POWERSHIFT™ System, which optimizes the workflow of concrete jobsites through electrified products, eliminates the hassles of gas-powered equipment without compromising efficiency and performance.

The system most recently added 34 new vibrator heads and shaft sizes designed to operate with the POWERSHIFT™ Vibrator and Backpack Vibrator. With these new additions, DEWALT now offers 50 different product combinations, making it the most comprehensive lineup of heads and shafts in the cordless equipment industry.

"We're proud to see the DEWALT POWERSHIFT System and our latest product additions continue to be recognized as we work to innovate the concrete jobsite," said Bill Harman, Vice President of Product Management Commercial and General Construction, DEWALT. "By expanding our cordless lineup, our goal is to empower craftworkers to reach new levels of efficiency and productivity every day on the job."

Available for a wide range of concrete placement applications, DEWALT POWERSHIFT™ heads and shafts come in 16 different product combinations including 1.5-In., 1.75-In., 2-In., 2.25-In. and 2.5-In. for heads and 7-Ft., 10-Ft., 16-Ft., and 21-Ft. for shafts.

"The recipients of this year's Contractors' Top 50 New Products Award embody innovation, progress and problem-solving," said Kathy Wells, editor-in-chief of Equipment Today. "This year's winning products not only bring contractors new and inventive solutions to some of the jobsite's most challenging conditions, but also drive productivity, safety and value. Equipment Today is proud to recognize these industry front-runners as they continue to support contractors and solve for construction's toughest problems."
