

DEWALT® Debuts Its Most Compact 20V MAX* 18Ga Brad Nailer

DEWALT announces the release of its most compact 20V MAX* XR® Cordless 18GA Brad Nailer (DCN210)†. Capable of driving up to 5 nails per second** and completing applications in tight spaces at 10.2 inches in height, the brad nailer delivers pneumatic-productivity without the hassle of hoses, cords, compressors, and gas.

The 20V MAX XR® Cordless 18GA Brad Nailer is available as a kit ([DCN210E1](#)) or bare tool ([DCN210B](#)) where DEWALT products are sold.

Download the product guide below for more information.

**Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.*

***Using DCBP034 battery (sold separately); results may vary based on user and application.*

†Bare tool (with magazine attached), based on volume (length x width x height)
